EUCA Memorial Scholarship Agreement

Since 1994, EUCA and its members have awarded over \$237,000 in educational assistance to members or their dependents, as well as California college students majoring in Construction Management or Civil Engineering. EUCA acts as a facilitator for members wishing to establish Memorial Scholarships in honor of past active EUCA member individuals through the EUCA Scholarship Program. If you support these efforts of encouraging EUCA dependents' and California college students' pursuit of higher education, we invite you to establish an EUCA Memorial Scholarship Fund. By becoming a donor, you will help ensure the EUCA Scholarship Program's future and encourage individuals to pursue an education and career path in our industry.

To apply for a memorial scholarship, please see the guidelines below.
